

## Professor Ronald C. Curhan and Joan Pokross Curhan Research Fellowship

The **Professor Ronald C. Curhan and Joan Pokross Curhan Research Fellowship** at the Wyner Family Jewish Heritage Center (JHC) supports scholars in Jewish History or Jewish Studies, especially, but not limited to those at the beginning of their academic careers. One or more scholars a year will be selected to receive an award of \$1,000, which supports their research in the Boston- and New England-based collections at the JHC. **Graduate, undergraduate, or predoctoral students will be given preference, although the annual scholarship may also be awarded to postdoctoral scholars.** At the completion of their research, Curhan Scholars are asked to present their research in a public presentation, and to acknowledge the JHC and the Fund in any paper or published work that results from their research.

**Timing:** In 2026, the application deadline is March 23. To apply, candidates will need to describe their research project, how they plan to use the JHC's collections, and provide at least two references. (See application below.)

**Selection Process:** Applications to the Curhan Research Fellowship will be reviewed by a committee, who will select the awardee(s). Recipients will be notified by the Jewish Heritage Center.

**Requirements:** Once notified of their award, **Curhan Research Scholars** will schedule and conduct their in-person research in the JHC archives in consultation with, and with assistance from, JHC archives staff. Following their research, scholars will give a presentation on their research at a time and in a manner decided upon with the JHC. They must cite the Wyner Family Jewish Heritage Center in all subsequent work that results from use of the collections.
